

Welcome to Duvall

This walking map of Duvall is provided to you by the City of Duvall in cooperation with Public Health - Seattle & King County. We want to remind you that physical activity is one of the best ways to prevent disease, and walking is one of the easiest ways to get started and stay healthy.

Walking also helps build community. A simple wave as you walk by your neighbors helps strengthen community connections. Walking, instead of driving, also reduces traffic congestion and pollution.

It is our hope that this map of City parks and walking routes will inspire you and give you new ideas of places to walk in our City.

This trail is quiet and serene and is enjoyed by walkers, joggers, mountain bikers and horseback riders. Parking is also available at the Community Car Park.

Approximate time: 75-90 minutes
This route takes you on a leisurely stroll through residential neighborhoods. This route provides sidewalks for most of the walking, except for a short section along Batten Rd., and a short section along 278th Avenue NE that requires walking on the shoulder of the road. This route is generally flat with a few areas that have gradual inclines.

At the end 4th Avenue, at Cherry Street, you will see Lake Rasmussen. A small picnic area and picnic table are there if you feel like stopping to enjoy the quiet lake.
